Attached is the application for requesting a Waiver of Subrogation from Florida Citrus, Business & Industries Fund. To process your request for a Waiver of Subrogation, we must receive the following:

1. A completed application for Waiver of Subrogation. Incomplete applications cannot be processed.
2. Documentation showing the *certificate holder* is requiring a Waiver of Subrogation, such as a copy of the written contract, the bid document, **including scope of work**, or a letter.

Please note the following restrictions on our ability to issue a Waiver of Subrogation:

1. We cannot issue a Waiver of Subrogation retroactively.
2. We cannot issue a Waiver of Subrogation that extends past policy expiration. If your client's job extends past policy expiration, please submit 2 applications.
3. We cannot issue a Waiver of Subrogation for any jobs that are not on our list of approved class codes.
4. We cannot issue a Waiver of Subrogation that waives the 10-day cancellation notice for insureds who do not pay their workers' compensation premium. We will not waive our right to cancel with 10 days' notice, and if your insured needs such a waiver, we will not be able to accommodate their request.

Please fax Waiver of Subrogation requests to 850-201-6801.

If you have any questions regarding Waivers of Subrogation, please contact our Policy Services Department at 888-262-4483.

Rev. 3/2010
